

**IN THE ABSTRACT:**

Kindly amend the abstract of the disclosure as follows:

~~The present invention relates to a~~ A multi-link conveyor chain ~~which may be used (for example)~~ suitable for use in the glass industry is provided. The conveyor chain includes, in particular to an enclosure member having a non-tapered counterbore for retaining and protecting a pin head of an elongate pin, thereby ensuring the integrity of the multi-link conveyor chain during use. Also provided is and to a method for manufacturing the multi-link conveyor chain incorporating the enclosure member.
